Regarding: Recommendation letter

5-5-2014

To Whom it may concern:

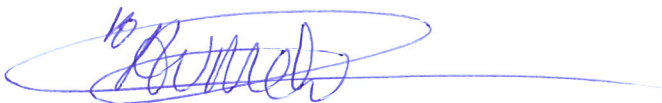

It is with great pleasure that I write this recommendation letter for Derksen Polska. We have working for the last 3 years with the Derksen Polska company.

Derksen Polska has been an absolute professional company to work with. Derksen Polska is very pleasant and good for their employees who are working for us in the Netherlands. The employees are very satisfied about their jobs, communication with the recruiters and homes they are living in.

Derksen Polska demonstrates the character like a professional company does. They know the vacancies, people and our company. Derksen Polska is always on time and they solve the problems when they occur at once.

Derksen Polska has become a serious and pleasant partner of the LM Consultancy Group in the Netherlands.

Sincerely,

Darren Vinck  
CEO
