**DERKSEN POLSKA**

Please accept this letter as my highest recommendation of the Derksen Polska Company. We have had the opportunity to work with Derksen Polska Company over the past four years.

Since that time Derksen Polska Company has recruited for us people to handle holiday park and restaurant on our camping.

The company shows great professionalism, openness and flexibility in the approach to problems and also a good knowledge of the labor market.

We are planning to continue the cooperation with the company and recommend it to all potential customers.

Sincerely,

Isabel Eerebout
